EDUCATION

University of California, Berkeley, Haas School of Business (Berkeley, CA) **December 2027**

Master of Business Administration & Master of Public Health concurrent degree program

- Haas Healthcare Association (VP Careers), Asian Business Club (VP External Relations), Haas Japan Trek co-lead.
- 2 semester-long consulting projects: an international eyecare nonprofit and a pre-commercial biotech startup.

University of California, Berkeley (Berkeley, CA)

December 2020

Bachelor of Arts, Public Health

- Semester exchange programs at Fudan University (Shanghai) and Hitotsubashi University (Tokyo).

EXPERIENCE

InkSpace Imaging (Pleasanton, CA)

June 2026 - Present

A medtech startup selling body-conforming MRI coils that improve imaging quality and scan throughput.

Finance and Strategy Associate

- Led investor targeting for a \$20M Series B; evaluated 350+ investors, prioritized 51 targets, and sourced 12 CEO-level investor discussions progressing through multiple rounds of diligence, nearly 2x engagement vs. prior year.
- Assessed Europe-wide market entry by sizing installed base, OEM share, pricing, and policy movements; identified 6 priority countries and developed benchmarks informing current distributor negotiations.

AstraZeneca K.K. (Tokyo, Japan)

2021 - 2025

The Japan division of a global top 10 pharmaceutical company; among Japan's top-selling pharmaceutical companies.

Senior Analyst, Financial Planning and Analysis (2023 - 2025); **Analyst, Financial Planning and Analysis** (2021 - 2023)

Strategic Planning

- Revised budget and P&L owners' forecasts by cross-checking assumptions; identified numerous > \$150M gross profit risks and opportunities; secured executive buy-in to integrate findings into financial forecasts.
- Established and led an iterative, driver-based forecasting process for year-end planning (\$450M) with 8 cross-functional teams spanning all therapeutic areas (25+ brands); financial forecast accuracy lifted to 99% (from 94%).
- Served as Interim Business Partner in tandem with Senior Analyst FP&A role; as business partner, facilitated a cross-functional task force and created a multi-scenario model to reassess price and demand risks for a blockbuster immuno-oncology drug; unlocked a \$120M budget over-delivery.
- Reduced monthly forecasting variance by two-thirds by introducing two new forecasting models and creating an automated daily sales tracking tool, alleviating credibility gaps between Japan and headquarters.

Operational Innovation & Leadership

- Standardized financial reporting across 15+ franchise teams and enabling functions by identifying inefficiencies in manual processes and building automated reporting solutions; saved 180+ hours annually and established an organization-wide single source of truth used in leadership brand strategy discussions.
- Spearheaded a cross-functional initiative to unify performance tracking by replacing disparately calculated manual reports with a single automated solution. Managed diverse local stakeholder requirements by designing a customizable interface, delivering a dashboard adopted by 3,000+ users.
- Led the finance and insights teams in implementing AI-driven sales forecasting, streamlining processes and reducing workload by ~75 hours/year for both teams.
- Accelerated development of a junior FP&A analyst by providing hands-on weekly training such as slide creation, modeling techniques, and system management; training led to their selection as successor for the role.

L.E.K. Consulting (Tokyo, Japan)

July 2020 - August 2020

A global strategy consulting company; specialized in life sciences during the internship.

Summer Analyst

- Managed a multi-nation patient funnel model for a pharmaceutical company entering APAC region market for hereditary angioedema prophylaxis, estimating eligible patient populations to support commercial assessment.
